2. Details of family members

The following data are generally only required for those relatives who are to be insured with us as family members.
In deviation from this, we also require individual details of your spouse/life partner if we are only to provide family insurance for your children. In this case, in addition to the general information, information on the insurance of the spouse/life partner and – if the spouse/life partner is not insured by law and is related to the children – on his or her income is necessary; in this case, it is mandatory to prove the income by means of proof of income and to disregard supplements paid with regard to the marital status in the information on income.
Please note that it is not legally permissible to have family insurance with different health insurance companies at the same time. Therefore, please ensure with your information that double family insurance is excluded.
